MyTown H&F

MyTown Shops, the e-commerce and eco-friendly local home delivery service is bringing their service to all businesses in the borough.

Reach new local customers and maximise your business by taking your business and deliveries online with no cost to you. A team of local riders deliver orders via e-cargo bike, meaning zero carbon emissions or customers can select the Click & Collect option to drive footfall to your store. Create a bespoke page for your business and upload your products to a digital catalogue for free. Our expert customer service team will be on hand to offer support every step of the way.

The project is funded for businesses by H&F in the first year and builds on the council's Shop Local campaign. It will pilot initially in Fulham in early 2022.
