Stand Up Against Street Harassment: Join the Movement

The Suzy Lamplugh Trust has partnered with L'Oréal Paris to bring the internationally acclaimed *Stand Up Against Street Harassment* bystander intervention training developed by Right To Be to communities across the UK.

In response to the growing national conversation about women's safety and the introduction of the Worker Protection Act in October 2024, **Hammersmith BID** is proud to host this vital training as part of our **Women's Safety Forum on Tuesday, 17 June 2025**.

This training equips you with practical tools to safely intervene and challenge harassment - on public transport, in schools and universities, at festivals, in public spaces and in the workplace. You'll learn how to defuse situations and offer meaningful support.

Let's come together to challenge the behaviours that fuel the cycle of violence against women and girls. **Stand up. Speak out. Be part of the change.**
