

Empower Hammersmith & Fulham:

Become a Digital Champion

Unlocking Value for Businesses, Employees, and the Community

The London Borough of Hammersmith & Fulham is delighted to launch its Digital Champions Network initiative - an effort to establish a vibrant network of Digital Champions through collaboration with local businesses and organisations.

Our Mission

- We aim to empower more Hammersmith & Fulham residents to develop their digital skills, improving access to essential services and support.
- The creation of a Digital Champion network - volunteers trained to help others navigate the digital world - will enable every resident to participate confidently in the digital age.
- Our programme is flexible and designed to adapt to the needs of individuals who may be new to technology.
- By partnering with you, we can extend our impact and create genuine positive changes in the borough.

What We Offer Local Businesses

- Opportunities to network with forward-thinking local organisations, sharing knowledge and resources.
- Access to dynamic webinars, delivered with Digital Unite, to train staff as outstanding Digital Champions.
- CPD-accredited training, comprehensive resources, and ongoing support for your employees as they volunteer.

Benefits for Your Company

- Enhance your reputation as a community-minded, socially responsible employer.
- Boost staff engagement and satisfaction by encouraging meaningful volunteer days.
- Connect your brand to a broader network, building pride within your workforce.
- Help end users become more digitally capable, making them more likely to use your own online services.

Advantages for Your Staff

- Free access to professional, accredited training on the Digital Champions Network platform.
- Volunteering enhances career development, progression opportunities, and digital expertise for work and everyday life.
- Employees benefit from the personal fulfilment of giving back and supporting others.
- Staff join a borough-wide community of Digital Champions, sharing knowledge and making a real difference.

Community Impact

- Residents receive one-on-one digital support, increasing confidence and motivation to use technology.
- Learners gain continuous access to resources, promoting independent growth.
- Improved digital skills lead to better health, wellbeing, financial savings, and economic opportunities for local people.

Encouraging your staff to use their volunteer days as Digital Champions allows your business to be at the heart of building a more inclusive, connected, and digitally skilled Hammersmith & Fulham. Join us in shaping a brighter digital future for all!
